IMPORTANT: BATTERY INSTALLATION AND CONTROL LINKING

This vehicle uses an automatic system to link the vehicle with the controller. For multi vehicle play, this process must be completed before each vehicle can be used.

Attention to link the vehicle with the same time will cause miss matching of controllers.

The controller and the vehicle must be connected to the receiver.

NOTE: There is no On/Off switch on the controller. Moving the stick will control the vehicle automatically. For best performance, always cut all unnecessary items.
